A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of direction and nutrition. Put quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from polsonous accumulations, and so relieves the liver of the burdens imposed upon it by

the defection of other organs.
If you have bitter or bad taste in the morn-If you have bitter or bat taste in the morning, poor or ratiable appetits, coasted tongue, foul breath, coastplated or irregular bowels, feel weak, easily tired, despondent, frequent beadaches, pain or distressed feeling in stomach, perhaps nausca, the coar "risings" in throat after eating, and kinded symptoms of weak stomach and torpid live a po medicas will relieve you more promptly or cure cine will relieve you more promptly or cure you more pure anearly than Lorder Pierce's Colden Medical Discovery. EXCITEMENT ON EXCHANGE. Trading in both the New York Stock Exchange and the curb stock market was in a turmoil yesterday as a result of excited movements and violent declines in the price of United Copper stock in the latter market. The suspension of the firm of Gress & Kleeberg, members of the New York Stock Exchange, contributed materially, if it was not the chief cause, of the declines in both markets. This firm has been trading actively in United Copper stock, and it was report-ed that they were members of a pool formed to support the price of the stock. Apparently, there was a break in this pool Tucsday, as the result of which the common stock broke from \$59 to \$36 per share, and the transfer agent of the company declined to record the transfer of a block of 16,930 shares which, he said, had been sold in violation of the rights of parties having some interest in

it. It was reported that Gross & Klee-berg, acting for the interests identified with F. Augustus Heinze, had bought in some of this stock and that the Heinze interests refused to accept the stock because of the manner in which it had been placed on the market.

United Copper common, which closed at \$86 Tuesday, opened at \$25 yesterday and during the excitement of the afternoon went as low as \$19, from which it recovered to \$15 before the close. The preferred stock, which before yesterday had been quoted last at \$74, reached the low point of \$24 for the day. Trading in these stocks was confined to the curb market.

Evidences of active liquidation in the New York Stock Exchange appeared in the closing hour of the market and was stributed to heavy selling by interests which had suffered in the Copper movement in the curb market. Active stocks declined at the rate of a point per sale until net losses ranged from 24 to 74 points. The Copper stocks were seriously affected, American Smelting and Refining losing [1] points for the day and Amalgamated 21, the latter stock drop-ping to 49, the lowest it has gone since 1904, and closing at 50%. This was accompanied by rumors of unfavorable action on the dividend today. Missouri Pacific, Union Pacific, Northern Pa-ciac, Southern Pacific and St. Paul

showed net losses of 5‡ to 2‡ points.

A rally set in before the close of the market on the belief that the effect of the failure had been discounted.

How to Cure a Cold,

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotton rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamber Isin's Cough Remedy to be absolutely he best preparation on the market for colds. I have recommended it to my friends and they all agree with me. For sale by Gibson & Timberman and W. F. Creighton & Co.

STORMS IN EUROPE.

The whole of southern Europe is in the grasp of a terrific storm accompanied by torrential rains. This, coming on the heels of the unprecedented rainfalls and successions of floods of the past three weeks, is causing very great distress. The storm area extends from Morocco northward over Portugal, Spain and southern France. Warships off the African coast and the Spanish Peninsula have been obliged to seek helter. The French torpedo gunboat Cassini lost her propeiler while making port during the gale.

The village of Olat, near Barcelona, Spain, was literally washed away by cloudburst, and the river Ilobregat, just south of Barcelona, is described as being raging torrent and is constantly laiming new victims.

The city of Sebsstian, in the north of pain, has been ravaged by a violent hurricane, which tore up trees and telegraph poles, blocked the railroad racks and stailed many trains. Tele-

graphic communication between Mad-rid and St. Sebastian is interrupted. The recently flooded rivers in the south of France are again rising, and many houses, weakened by the previous inun-

lations, are falling. In the Department of Savoie a great overhanging cliff of 800,000 cubic meres is reported to be moving and in imninent danger to toppling over and crushing the village of Tormery, 1,000

A dispatch from Brest says that a empest is raging off the coast, and that several fishing smacks have been cap-

ized and their crews drowned. The storm compelled a Portuguese quadron to seek refuge in the harbor of asbon, and while making port the torpedo boat Lago collided with a gunboat resulting in fatal injuries to the com-mander of the Lago.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them.
